We had numerous guests and one visiting Rotarian from the Southeast Club.

**** NOTE ****

This is my first attempt at the newsletter. I will be taking it over since Maria Elena is departing in December. Comments and suggestions would be most appreciated on the form and content of this newsletter.

This past Thursday, the Rotary of Centennial held a Visioning session. This session was earlier than normally planned for visioning, but because of the designation of our club as innovative, the session was held earlier than normal. Twenty members of the club attended. This included some from the Satellite group and one prospective member. The session came up with many ideas. As this is an innovative club, voting was not done on the ideas - all of the ideas will be addressed. There will be future meeting to discuss the ideas.
