Randy Pye spend some time talking about My Rotary on the RI site. He encouraged all of us to go to our My Rotary site and update the information. It is very easy to log onto. I found it very easy, and, if I can do it, anybody can do it. Signing on requires your e-mail address and a password. If you have not set up an account yet, it is easy to set one up. Once you put in your e-mail address you can request a temporary password and then set up your own password. The password has to be a minimum of 8 characters, with one character being a capital letter and have one number.

All of us should update our profile to include our Rotary activities.
