

Rotary Club of Centennial Colorado

Centennial, Colorado October 25, 2016

Chiryl took a different approach in presenting her classification talk. She took mementos from a bag and put them in a basket and explained what they meant. She grew up on a farm in Iowa and had three brothers. She attended Northwest Missouri State University. She taught abroad, primarily girls in grades 8-12. She did this in Nigeria for 3 years. She also taught in Israel and England.

She has three boys.

In 1995 her house burned. She like to cook, do interior design, and is a school counselor.

Chiryl is a Mayflower descendant.

Chris Bantock from the Millennial club led off the three presentations. Chris was born and raised in Littleton and went to Littleton High School. From there he went to CU Boulder and got a degree in theology. Next, he attended Cleveland University where he obtained his PhD as a Chiropractor. Following graduation he spent 6 weeks in Botswana practicing.

While he does muso-skeletal chiropractic work, his specialty is with gastrointestinal and hormonal disorders.

Chris has two brothers and is single. He just got back from elk hunting. His party was successful, but he was not able to bag an elk.

Karen was born in Denver. She has 1 sister and 2 brothers. She attended South HS and University of Norther Colorado. She was active in volley ball, soccer and basketball.

For 26 years she has worked for Cigna Insurance.

She has 2 boys. One is a graduate of the Colorado School of Mines. He has a degree in Mechanical Engineering and is working on the Madagascar water project through Engineers Without Borders. Small world. Her other son is studying at Metro State to be a pilot.

She and John married 5 years ago. They got married at a Rockies game.
