## BUSINESS MINUTE

John Gile spoke on Uber and some of the advantages of Uber. John has been an Uber driver for 2-1/2 years.

## GUEST SPEAKER

Adrienne Bulinski spoke on Creating the Life you Love. She is the former Miss. Kansas. Prior to doing what she is now doing she was a professional entertainer. 10 years ago, while working a gig in Texas, she was encouraged to do some horse back riding. While trying to get on a horse, she separated her foot from her leg. This more or less ended her career as a performer. Adrienne has degrees in Journalism and Marketing. She ended up, for a while, working for some orthopedic physicians.

She was concerned about teen suicides and wrote a book on tools for life. The basis of the book is attitude and how a positive attitude can change your life. People need conditioning for a positive attitude.

Attitude is one of the tools for life. It is something needed for everyday. Everyone has to recognize their own individual skills, and how knowing your skills can create a positive attitude in yourself. Many teens do not recognize their skills and not knowing them can prevent them from having a positive attitude. A positive attitude needs development on a regular basis.

Perseverance is another of the tools for life. It requires pulling the positives from the hurt one is suffering. Don't know how to quit—keep going.

There are other tools for life, but she was unable to go into them since there was not enough time.
