

# Rotary Club of Centennial Colorado

Centennial, Colorado December 19, 2017

Randy Pye receiving his Paul Harris Fellow award plus 5. Congratulations Randy. The camera was tipsy, not Randy and John.

Diane Zing gave a brief summary of Santa Clothes. 85 children were recipients of our club's and other club's generosity. Some of the kids had never been in a department store to select new clothes. Congratulations to Santa Clothes to changing the lives of so many children. Diane announced that there will be four additional Kohl's participating next year. The committee meeting for next years effort will be in February.

A West is looking for a partner for the Manzanillo trip so she can reduce her costs.

Eric Hauff is being inducted as the newest member to the Rotary Club of Centennial. Welcome Eric.

Happy Hanukkah

Travel safely until our next meeting.

JAN 30-DR. ROB VALUCK, PROFESSOR, DEPT OF EPIDEMIOLOGY

Julie Spear, above, was one of two of the young RYLA students the Rotary Club of Centennial sponsored and was the only RYLA attendee to present to the meeting. The senior RYLA students have finals this week and could not attend. Julie expressed her gratitude for our club sponsoring her. She has tended to be a shy person, but she said the RYLA experience allowed her to open up and gain more confidence in herself. She is a student at Campus Middle School. She found out about applying to RYLA through NextDoor.com.

Two of the senior RYLA students, Irene Gonzales and Chris Wells, were from the Boys Hope/Girls Hope program at Aurora High School. The third student our club sponsored, James Martin, is from Littleton High School where he is studying under the STEM program and wants to attend either Colorado School of Mines or CSU.

Kent Ostedgaard announced that the application process for 2018 is now open. Individuals can go to [www.rmryla.org](http://www.rmryla.org) to make an application. The Rotary Club of Centennial sponsors 2 students to young RYLA and five to senior RYLA. Also, there is RYLA Plus which is for physically challenged students. There are only 20 slots available for the RYLA Plus, so applicants need to get their applications in early.

Blue Marble—Katherine Henschen was unable to find the elusive blue marble so the jack pot rolls over to next year.
