

Rotary Club of Centennial Colorado

Centennial, Colorado

January 23, 2018

Centennial Mayor Stephanie Piko was the presenter at the meeting.

Shortly after moving to Centennial in 2001, Mayor Piko started volunteering at the Cherry Creek Schools. That led to her getting involved in the city and becoming a city council member. She worked on the open spaces master plan commission which resulted in Centennial Park.

During her senior year in college she worked for Apple. From 2005 to 2014 she was a technology instructor/computer technician. From 2010 to the present she has been the Director of IT for Intelinet Imaging. Mayor Piko has a BS in Business Administration from the University of Florida and a BS in Environmental Sciences from the University of Michigan.

She married her husband James in 1992. They have two sons, Austin and Conner.

During her talk, Mayor Piko talked about the fiber optics project the city is constructing. At the present time, it is ahead of schedule and under budget. They are targeting the fiber optic network to small businesses to benefit them. The city plans to have all traffic lights operating off of the fiber optic network.

The city is currently working on bringing back the farmers market.

Centennial Rotary and Mayor Piko are exploring additional opportunities for Rotary in Centennial.

Randy Earnest is shown receiving the Presidential Citation for his work last year. Congratulation Randy!

Trip Butler is shown receiving his Paul Harris +4 pin. Congratulation Trip!

CLUB BUSINESS

- Flower Power is going to be May 19 and 20.
